

RAGLAN CLUB INC

PATRON'S REPORT FOR AGM 2019

Hello Members

I was very pleased with the decision of the majority of our club members to retain our club and not sell off our assets as had been presented to us. Thankyou for your forward thinking decision.

I would like to also thank our Executive Committee for the great job of turning our club around. Under the guidance of our President, Debbie Dalbeth and Maxine Picard, as treasurer, in implementing strategic plans and keeping a tight rein on the finances, we now have a wonderful front deck and an adventurous playground for our younger 'members to be' to relax and socialise in. These, along with other progressive ideas, have come about from all of our committee members working together for the betterment of our club and members... you have all worked very hard indeed to achieve the current situation for us all enjoy, and the benefits show. Many thanks.

We welcomed our new Operations Manager, Beryl Stowers, during this year. It is good to see you and your staff being very pleasant to all members and creating a very happy ambience for us to all enjoy each other's company ...

A very special thankyou to all our sponsors throughout this year, it is pleasing to see our community getting in behind our wonderful facility too.

We also have had a change-over of staff in the LHB kitchen. Thanks must go to both lots of caterers in providing a changed presentation with a variety of foods for us to consume and enjoy... that is always of benefit to us.

Overall, I have been very happy to have been able to provide an ear to listen to your concerns and help you all to grow our club in a year that could have been very different.

Congratulations and thankyou to you all for being happily involved in your club, it is a pleasure to support you all.

Regards

Blue Stephens
Patron,
