

PATRON'S REPORT FOR RAGLAN CLUB INC AGM 2022

Giddy Members

It has been another tough year with Covid interruptions etc but things are looking up.

Congratulations to our kitchen team in creating some lovely atmosphere and meals for our members and guests.... It is becoming a rather popular place to dine which is wonderful to see.

Thanks to our management team for sparking so new life into our club. The introduction of regular live music and line dancing lessons have been quite popular and is gaining better support.

Adjunct activities have increased. It is good to see improved involvement by our members in their chosen adjuncts. All is going good with new ideas coming through all the time.

It is lovely to see more members coming along and enjoying each other's company in our great amenities.

Keep up the good work and let's head into the next year with the aim of keeping things going in the right direction.

Well done and thanks to you all.

Regards

Richard (Blue) Stephens
