

PATRON'S REPORT FOR 2024 AGM

This year has been an interesting this year with some new ventures and alterations happening throughout this time. The Coffee Café being one of them.

Well done to our Executive in a tough year. Special thanks to Glenn Rangitonga for overseeing the completion of the floor Project. It looks great and more serviceable in the long run.

It was a great night on 4th July with James Ray releasing his new song "4th July" and his followers of line dancing. Both the Kitchen and Bar Staff were flat out, which goes to show that it can put some life into the club on an otherwise quiet night. Thursday nights are very popular now.

It is lovely to see such groups as the Ukulele Group utilising our club on a regular basis. It is good for our Club to be used by community groups.

It is good to see our members being involved in their respective adjunct activities. This all helps our club to have a great atmosphere.

Thanks to Troy and other staff members, who have also left our club, for their service to our club while they were with us.

We welcome our new Manager, Emma. Thanks to our current staff members who welcome us with happy smiling faces and good service.

All in all we have a great club, so get involved and enjoy it to the fullest.

All the best

Regards

Richards (Blue) Stephens
